BitDefender Total Security 2008

BitDefender Total Security 2008 provides the ultimate proactive protection for your PCs. It combines state of the art protection against viruses, spyware, hackers, spam and other Internet security threats. Moreover, its system maintenance and PC backup tools keep your PC running fast and protected from data loss.

Product Description

ANTIVIRUS & ANTISPYWARE

- * Protects your PC in real time from known viruses, spyware and other malware with hourly updates
- * Blocks unknown viruses using advanced proactive detection techniques
- * Monitors and prevents spyware threats in real-time
- * Detects and removes the newest breed of hidden threats known as rootkits
- * Provides a smooth gaming experience by reducing the system load to a minimum

ANTI-PHISHING

- * Protects against phishing attacks by filtering all accessed web pages for fraud attempts
- * Reduces the risk of identity theft by preventing personal information leaks via e-mail or web.

FIREWALL

- * Controls applications' access to the Internet while "hiding" your computer from hackers
- * Helps prevent unauthorized access to your Wi-Fi network by notifying you when computers log in to the network.

ANTISPAM

- * Prevents different types of spam and scam e-mails from reaching your Inbox
- * Now responds faster to new spamming techniques with new adaptive engines

PARENTAL CONTROL

- * Blocks access to inappropriate websites and e-mail
- * Allows or blocks web access during specified time periods

BACKUP

- * Safeguards your data by creating backup copies to local and removable drives, CD-R/RW or DVD-R/RW
- * Automatically backs up only new files, based on a pre-set schedule.

TUNE-UP

- * Improves your PC performance by removing unnecessary files and registry entries
- * Completely erases files and "traces" of files from disk to prevent recovery

More Features

Hassle – Free Hourly Updates

Hourly updates ensure that you are protected against the latest threats without pushing a button. Lost program files are not a problem either. In the rare event of file damage due to PC problems, BitDefender automatically repairs and updates itself.

FREE 24/7 Support

Got a question? Our security experts are available to help you 24/7 via phone, email or chat at no additional cost.

NEWGamer Mode

The new Gamer Mode temporarily modifies protection settings so as to minimize their impact on gaming performance, maintaining a safe, fun gaming experience.

System Requirements

- * Windows 2000 with Service Pack 4
- * Windows XP with Service Pack 2 (32/64 bit)
- * Windows Vista (32/64 bit)

The advertisement banner features a product box on the left, the product name in bold, the BitDefender logo, a promotional offer, and a call-to-action button.
